

“From the greatest of what has been authored in respects to his physical appearance and characteristics ﷺ is the succinct yet comprehensive work of al-Tirmidhī relating to his *sīra*. It was written upon such completion that for the one who studies this work it is as if he is studying the appearance of that great character ﷺ, and he sees his ever noble beauties in every chapter.”

- MULLA 'ALĪ AL-QĀRĪ

Oh most noble of noble messengers!

How wonderful are these attributes

Whoever hears its description you shall see him

Like a branch swaying in the wind
